Do you have an interest in a career in medicine, nursing, dentistry, paramedics, kinesiology or other healthcare professions? Then Discovery Healthcare Camp is the perfect opportunity for you.

Open to high school students, it offers an exciting week of activities led by medical students from the Schulich School of Medicine & Dentistry at Western University.

You will learn career opportunities in healthcare, the requirements to pursue this path and develop an understanding of the unique aspects of healthcare in the community, as well as take part in:

- Clinical skills sessions (suturing, casting, stethoscope activities, wound dressing)
- Talks from healthcare professionals and opportunities for clinical exposure (job shadowing)
- Discussions involving the path to various healthcare professions (medicine, nursing, pharmacy, EMS, and dentistry)
- Stand Up for Health (teaching Social Determinants of Health)
- An introduction to case-based learning and sample diagnostic cases
- Recreation sessions incorporating fun and team-building activities

Discovery Healthcare aims to be a socially accountable initiative supported by the Office of Distributed Education, Schulich Medicine & Dentistry. By fostering a passion for healthcare among our local youth, Discovery Healthcare will serve as an initiative to encourage the sustainability of our future healthcare system.

Although all camps throughout Southwestern Ontario have the same overarching objectives, each camp will be created to highlight the unique attributes of healthcare systems in the local community where the camp is taking place.

Ages: Youth - must be entering grades 9-13 as of September 2025. Campers must reside in Ontario, Canada.

Each program runs from 8:30 am - 4:30 pm daily

Cost: \$325.99 (plus tax)

Transportation may be available from Goderich. Please contact distributed.education@schulich.uwo.ca to arrange.
